

Mineral Resources

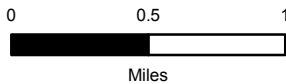

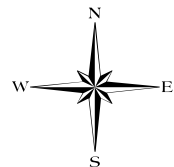

Legend

Potential Source for High Quality Sand & Gravel

- High
- Low
- Quarry

Geologic Unit Name

- gd Glacially Scoured Dolomite Plateaus
- ge Glacially Eroded Slopes
- og Mostly Uncollapsed, Flat with Some Hummocks
- op Overlain with Postglacial Peat, Flat
- sc Collapsed Meltwater Stream Sediment
- sm Sediment deposited on floodplains of modern rivers
- su Uncollapsed meltwater stream sediment
- City Limit
- Urban Service Area
- Planning Area

Notes:

Source: City of Sun Prairie with sand and gravel data provide by Dane County Planning & Development and geologic data provided by Wisconsin Geological and Natural History Survey.

Date Adopted: November 3, 2009
